AINSE
2026 Winter School

Online Event: 6–10 July 2026, On-site Event: September 2026

Celebrate our 30th Winter School

Connect your future postgraduate research to the world-class facilities and expertise at ANSTO

Are you a **senior undergraduate student** interested in how nuclear science and technology are applied across a wide range of disciplines—from archaeology to biology, chemistry, engineering, environmental science, medicine, and more?

Apply now for unique opportunities to network and initiate research projects with ANSTO co-supervisors and facilities. **Applications close 31 May 2026.**

The AINSE Winter School includes:

- Online panels and presentations from **ANSTO research leaders**
- **Tours** of ANSTO research facilities hosted by the ANSTO Discovery Centre
- **In-depth exploration of world-class research facilities,** including the Australian Centre for Neutron Scattering, the Centre for Accelerator Science, and the Australian Synchrotron, led by experienced facility users
- **Networking opportunities** with ANSTO researchers and students from across Australia and New Zealand

Interested students should complete the Expression of Interest form through the AINSE Grants Platform here.

For further information and to apply, please visit the AINSE website.
