

## AINSE GOLD MEDAL AWARD FOR EXCELLENCE IN RESEARCH NOMINATION FORM

The AINSE Council may award an AINSE Gold Medal for excellence in research according to the following criteria:

1. The award shall be open to members and former members of the academic, scientific or technical staff of member institutions of AINSE, including post-doctoral research fellows, research assistants and students.
2. Up to four AINSE medals may be awarded each year, of which one medal is reserved for graduate students, including those who have recently completed their projects.
3. The AINSE Gold medal may be awarded jointly to collaborating researchers.
4. The AINSE Gold medal shall be awarded for research excellence, based on publications within the preceding five years that acknowledge AINSE funding support.
5. Nominations should be made to the Scientific Secretary of AINSE before **15 October 2019** by a member of the staff or member institution of AINSE and should include a short citation of achievement together with a list of appropriate publications and one copy of each publication.
6. Nominations shall be assessed by the appropriate AINSE Specialist Committee, who shall advise the Executive Committee, which shall make recommendations for the award of AINSE Gold Medals to the last AINSE Council Meeting of the calendar year.
