

Image specifications:

Due to the requirements of professional printing, the image files you supply must be of high resolution and satisfy certain requirements. In particular, your images will be rejected automatically if they do not meet all the following criteria:

- Image file in .JPEG/.JPG/.PNG format, or vector format.
- Minimum resolution of **4961 x 3508 pixels**.
 - This corresponds to a minimum print resolution of 300dpi at A3 size. Higher-resolution photos may be chosen to be printed and displayed at a larger size.

Please contact ainse@ainse.edu.au if you have any queries about your images prior to submission.
