

AINSE 2026 WINTER SCHOOL

ONLINE EVENT: 6–10 JULY 2026, ON-SITE EVENT: SEPTEMBER 2026

CELEBRATE OUR 30TH WINTER SCHOOL

Connect your future postgraduate research to the world-class facilities and expertise at ANSTO

Are you a **senior undergraduate student** interested in how nuclear science and technology are applied across a wide range of disciplines—from archaeology to biology, chemistry, engineering, environmental science, medicine, and more?

[Apply now](#) for unique opportunities to network and initiate research projects with ANSTO co-supervisors and facilities. **Applications close 31 May 2026.**

The AINSE Winter School includes:

- Online panels and presentations from **ANSTO research leaders**
- **Tours** of ANSTO research facilities hosted by the ANSTO Discovery Centre
- **In-depth exploration of world-class research facilities**, including the Australian Centre for Neutron Scattering, the Centre for Accelerator Science, and the Australian Synchrotron, led by experienced facility users
- **Networking opportunities** with ANSTO researchers and students from across Australia and New Zealand

Interested students, [studying at an AINSE member university](#), should complete the Expression of Interest form through the Application Portal [here](#).

For further information and to apply, please visit the [AINSE website](#).
